

TRP44R

Tredfx Floor Trims
2 Part Trim with Aluminium Ramp Top

Elegant design, high strength, easy assembly and maximum load capacity these are the strengths of this innovative clip profile system. The special spiral-toothed ball joint allows the profile to automatically adjust to the height and angle of the floor and seal tightly. Fantastic look with concealed fixing.

Specification Guide

Install Tredfx Floor Trim TRP44R to all floor construction areas as per manufacturer's recommendations. Available from: Total Tactilez, 0800 822 845, info@totaltactilez.co.nz.

Features

- Innovative flat clip profile system with aluminium top-section and a base section made of impact-resistant PVC
- Simple, fast and reliable installation, problem free disassembly and re-usability
- Continuously variable adaptation of both the height and inclination
- Base and upper section are shrink wrapped together as a set
- High load capacity up to 1.5 tons

Application: Connection trim between differing floor finishes to compensate for height differences of up to 3mm.
